Journal of Ethnopharmacology 49 (1995) 183–185

Journal of ETHNO-PHARMACOLOGY

Subject index

Volume 49 (1995)

Acne vulgaris; Ayurvedic formulations; Clinical trial **49**, 127

Alkaloids; Antimicrobial activity; Brine shrimp toxicity; Medicinal plants; Molluscicidal activity; Papua New Guinea; Protein kinases **49**, 147

Alternative medicine; Mercury poisoning; X-ray diffraction; Scanning electron microscopy **49**, 17

Analgesia; *Nerium oleander*; Locomotion; Convulsions; Sleeping time **49**, 33

Anti-bacterial; Ethnobotany; Anti-viral; Anti-fungal; Pharmacognosy; Complement; Polynesia; Hawaii **49**, 23

Antibacterial activity; *Shigella*; *Camellia sinensis*; *Euphorbia hirta*; Medicinal plants; Antidysenteric **49**, 115

Antidysenteric; Antibacterial activity; *Shigella*; *Camellia sinensis*; *Euphorbia hirta*; Medicinal plants **49**, 115

Anti-fungal; Ethnobotany; Anti-viral; Anti-bacterial; Pharmacognosy; Complement; Polynesia; Hawaii **49**, 23

Antifungal activity; *Curcuma longa* L.; Dermatophytes; Miconazole **49**, 163

Antihepatotoxic; Hepatoprotective; *Apium graveolens*; *Hygrophila auriculata* **49**, 119

Antihyperlipidemia; Oleanolic acid; Ursolic acid; Triterpenoid; Hepatoprotection; Antiinflammatory; Antitumor-promotion **49**, 57

Anti-inflammatory; Immunomodulator; *Cedrela tubiflora*; Aqueous extracts **49**, 133

Antiinflammatory; Oleanolic acid; Ursolic acid; Triterpenoid; Hepatoprotection; Antihyperlipidemia; Antitumor-promotion **49**, 57

Antimalarial; Quantitative ethnobotany; Borneo; Indonesia; *Plasmodium falciparum*; Cytotoxicity **49**, 1

Antimalarial activity; *Plasmodium falciparum*; *Eurycoma longifolia* Jack; Simaroubaceae; Daily replacement **49**, 171

Antimicrobial activity; Alkaloids; Brine shrimp toxicity; Medicinal plants; Molluscicidal activity; Papua New Guinea; Protein kinases **49**, 147

Antitrypanosomal activity; *Xanthium strumarium*; Leaves; Ethanol extract; *Trypanosoma evansi* **49**, 141

Antitumor-promotion; Oleanolic acid; Ursolic acid; Triterpenoid; Hepatoprotection; Antiinflammatory; Antihyperlipidemia **49**, 57

Anti-viral; Ethnobotany; Anti-bacterial; Anti-fungal; Pharmacognosy; Complement; Polynesia; Hawaii **49**, 23

Apium graveolens; Antihepatotoxic; Hepatoprotective; *Hygrophila auriculata* **49**, 119

Aqueous extracts; Immunomodulator; *Cedrela tubiflora*; Antiinflammatory **49**, 133

Artemisia herba-alba; Glucose; Extracts; Hypoglycaemic **49**, 51

Ayurvedic formulations; Acne vulgaris; Clinical trial **49**, 127

Borneo; Quantitative ethnobotany; Indonesia; Antimalarial; *Plasmodium falciparum*; Cytotoxicity **49**, 1

Brine shrimp toxicity; Alkaloids; Antimicrobial activity; Medicinal plants; Molluscicidal activity; Papua New Guinea; Protein kinases **49**, 147

Caffeine; *Croton*; Divalent cations; Sarcoplasmic reticulum; Neuromuscular transmission; Cooling-contraction **49**, 41

Camellia sinensis; Antibacterial activity; *Shigella*; *Euphorbia hirta*; Medicinal plants; Antidysenteric **49**, 115

cAMP; *Panax ginseng*; Platelet aggregation inhibition; cGMP; Thromboxane A_2 **49**, 157

Cathinone; Plasma; Khat; Drugs; HPLC; GC/MS **49**, 111

Cedrela tubiflora; Immunomodulator; Anti-inflammatory; Aqueous extracts **49**, 133

Centaurea solstitialis; Repin; Sesquiterpene lactones; Hypothermia; Parkinsonism **49**, 91

cGMP; *Panax ginseng*; Platelet aggregation inhibition; cAMP; Thromboxane A_2 **49**, 157

Clinical trial; Ayurvedic formulations; Acne vulgaris **49**, 127

Complement; Ethnobotany; Anti-viral; Anti-bacterial; Anti-fungal; Pharmacognosy; Polynesia; Hawaii **49**, 23

Convulsions; *Nerium oleander*; Locomotion; Sleeping time; Analgesia **49**, 33

Cooling-contraction; *Croton*; Caffeine; Divalent cations; Sarcoplasmic reticulum; Neuromuscular transmission **49**, 41

Croton; Caffeine; Divalent cations; Sarcoplasmic reticulum; Neuromuscular transmission; Cooling-contraction **49**, 41

Curcuma longa L.; Antifungal activity; Dermatophytes; Miconazole **49**, 163

Cytotoxicity; Quantitative ethnobotany; Borneo; Indonesia; Antimalarial; *Plasmodium falciparum* **49**, 1

Daily replacement; *Plasmodium falciparum*; *Eurycoma longifolia* Jack; Simaroubaceae; Antimalarial activity **49**, 171

Dermatophytes; *Curcuma longa* L.; Antifungal activity; Miconazole **49**, 163

Divalent cations; *Croton*; Caffeine; Sarcoplasmic reticulum; Neuromuscular transmission; Cooling-contraction **49**, 41

Drugs; Plasma; Cathinone; Khat; HPLC; GC/MS **49**, 111

Ethanol extract; *Xanthium strumarium*; Leaves; Antitrypanosomal activity; *Trypanosoma evansi* **49**, 141

Ethnobotany; Anti-viral; Anti-bacterial; Anti-fungal; Pharmacognosy; Complement; Polynesia; Hawaii **49**, 23

Euphorbia hirta; Antibacterial activity; *Shigella*; *Camellia sinensis*; Medicinal plants; Antidysenteric **49**, 115

Eurycoma longifolia Jack; *Plasmodium falciparum*; Simaroubaceae; Antimalarial activity; Daily replacement **49**, 171

Extracts; *Artemisia herba-alba*; Glucose; Hypoglycaemic **49**, 51

Galactosamine; *Osbeckia octandra*; *tert*-Butyl hydroperoxide; Hepatocytes **49**, 69

GC/MS; Plasma; Cathinone; Khat; Drugs; HPLC **49**, 111

Glucose; *Artemisia herba-alba*; Extracts; Hypoglycaemic **49**, 51

Hawaii; Ethnobotany; Anti-viral; Anti-bacterial; Anti-fungal; Pharmacognosy; Complement; Polynesia **49**, 23

Hepatocytes; *Osbeckia octandra*; Galactosamine; *tert*-Butyl hydroperoxide **49**, 69

Hepatoprotection; Oleanolic acid; Ursolic acid; Triterpenoid; Antiinflammatory; Antihyperlipidemia; Antitumor-promotion **49**, 57

Hepatoprotective; Antihepatotoxic; *Apium graveolens*; *Hygrophila auriculata* **49**, 119

HPLC; Plasma; Cathinone; Khat; Drugs; GC/MS **49**, 111

Hygrophila auriculata; Antihepatotoxic; Hepatoprotective; *Apium graveolens* **49**, 119

Hypoglycaemic; *Artemisia herba-alba*; Glucose; Extracts **49**, 51

Hypothermia; Repin; Sesquiterpene lactones; Parkinsonism; *Centaurea solstitialis* **49**, 91

Immunomodulator; *Cedrela tubiflora*; Anti-inflammatory; Aqueous extracts **49**, 133

Indonesia; Quantitative ethnobotany; Borneo; Antimalarial; *Plasmodium falciparum*; Cytotoxicity **49**, 1

Khat; Plasma; Cathinone; Drugs; HPLC; GC/MS **49**, 111

Leaves; *Xanthium strumarium*; Ethanol extract; Antitrypanosomal activity; *Trypanosoma evansi* **49**, 141

Locomotion; *Nerium oleander*; Convulsions; Sleeping time; Analgesia **49**, 33

Medicinal plants; Alkaloids; Antimicrobial activity; Brine shrimp toxicity; Molluscicidal activity; Papua New Guinea; Protein kinases **49**, 147

Medicinal plants; Antibacterial activity; *Shigella*; *Camellia sinensis*; *Euphorbia hirta*; Antidysenteric **49**, 115

Mercury poisoning; Alternative medicine; X-ray diffraction; Scanning electron microscopy **49**, 17

Miconazole; *Curcuma longa* L.; Antifungal activity; Dermatophytes **49**, 163

Molluscicidal activity; Alkaloids; Antimicrobial activity; Brine shrimp toxicity; Medicinal plants; Papua New Guinea; Protein kinases **49**, 147

Nerium oleander; Locomotion; Convulsions; Sleeping time; Analgesia **49**, 33

Neuromuscular transmission; *Croton*; Caffeine; Divalent cations; Sarcoplasmic reticulum; Cooling-contraction **49**, 41

Oleanolic acid; Ursolic acid; Triterpenoid; Hepatoprotection; Antiinflammatory; Antihyperlipidemia; Antitumor-promotion **49**, 57

Osbeckia octandra; Galactosamine; *tert*-Butyl hydroperoxide; Hepatocytes **49**, 69

Panax ginseng; Platelet aggregation inhibition; cAMP; cGMP; Thromboxane A_2 **49**, 157

Papua New Guinea; Alkaloids; Antimicrobial activity; Brine shrimp toxicity; Medicinal plants; Molluscicidal activity; Protein kinases **49**, 147

Parkinsonism; Repin; Sesquiterpene lactones; Hypothermia; *Centaurea solstitialis* **49**, 91

Pharmacognosy; Ethnobotany; Anti-viral; Anti-bacterial; Antifungal; Complement; Polynesia; Hawaii **49**, 23

Plasma; Cathinone; Khat; Drugs; HPLC; GC/MS **49**, 111

Plasmodium falciparum; *Eurycoma longifolia* Jack; Simaroubaceae; Antimalarial activity; Daily replacement **49**, 171

Plasmodium falciparum; Quantitative ethnobotany; Borneo; Indonesia; Antimalarial; Cytotoxicity **49**, 1

Platelet aggregation inhibition; *Panax ginseng*; cAMP; cGMP; Thromboxane A_2 **49**, 157

Poisoning; *Urginea sanguinea*; Traditional medicines **49**, 77

Polynesia; Ethnobotany; Anti-viral; Anti-bacterial; Antifungal; Pharmacognosy; Complement; Hawaii **49**, 23

Protein kinases; Alkaloids; Antimicrobial activity; Brine shrimp toxicity; Medicinal plants; Molluscicidal activity; Papua New Guinea **49**, 147

Quantitative ethnobotany; Borneo; Indonesia; Antimalarial; *Plasmodium falciparum*; Cytotoxicity **49**, 1

Repin; Sesquiterpene lactones; Hypothermia; Parkinsonism; *Centaurea solstitialis* **49**, 91

Sarcoplasmic reticulum; *Croton*; Caffeine; Divalent cations; Neuromuscular transmission; Cooling-contraction **49**, 41

Scanning electron microscopy; Alternative medicine; Mercury poisoning; X-ray diffraction **49**, 17

Sesquiterpene lactones; Repin; Hypothermia; Parkinsonism; *Centaurea solstitialis* **49**, 91

Shigella; Antibacterial activity; *Camellia sinensis*; *Euphorbia hirta*; Medicinal plants; Antidysenteric **49**, 115

Simaroubaceae; *Plasmodium falciparum*; *Eurycoma longifolia* Jack; Antimalarial activity; Daily replacement **49**, 171

Sleeping time; *Nerium oleander*; Locomotion; Convulsions; Analgesia **49**, 33

***tert*-Butyl hydroperoxide**; *Osbeckia octandra*; Galactosamine; Hepatocytes **49**, 69

Thromboxane A_2; *Panax ginseng*; Platelet aggregation inhibition; cAMP; cGMP **49**, 157

Traditional medicines; *Urginea sanguinea*; Poisoning **49**, 77

Triterpenoid; Oleanolic acid; Ursolic acid; Hepatoprotection; Antiinflammatory; Antihyperlipidemia; Antitumor-promotion **49**, 57

Trypanosoma evansi; *Xanthium strumarium*; Leaves; Ethanol extract; Antitrypanosomal activity **49**, 141

Urginea sanguinea; Traditional medicines; Poisoning **49**, 77

Ursolic acid; Oleanolic acid; Triterpenoid; Hepatoprotection; Antiinflammatory; Antihyperlipidemia; Antitumor-promotion **49**, 57

Xanthium strumarium; Leaves; Ethanol extract; Antitrypanosomal activity; *Trypanosoma evansi* **49**, 141

X-ray diffraction; Alternative medicine; Mercury poisoning; Scanning electron microscopy **49**, 17
